	Wednesday	
	Thursday	
	Friday	
<b>Project based</b> Start: Finish:	Saturday	Could do weekends if happy to work without staff around.
	Sunday	

## General Summary of Position

Do you enjoy gardening and getting alongside people to befriend and encourage them? We're looking for someone who can help with the upkeep of the garden outside of our flats. We have 3 good beds, but they're not currently used. You don't have to be an experienced gardener, just to enjoy it. This individual would facilitate the maintenance of our garden, whilst encouraging our residents to join in and would be there to build relationships with them too. We have between 4 and 5 male residents. Hours are flexible – whatever works best for you, although staff are in Monday-Friday 9-5, so you would be lone working outside of these hours. We'll provide

you with tea, coffee and biscuits, and all the equipment, soil and seedlings. Fruit, vegetables, flowers - Be creative!

## **Tasks**

1. Creatively caring for and maintaining our garden
2. Build relationships with the residents with opportunities to share the gospel
3. Encouraging our residents to join in with the gardening with you

**Because London Needs Jesus**
